What is MEET2WIN 2022?

MEET2WIN 2022 is the 7th edition of a partnering convention entirely dedicated to open innovation and technology transfer focused on oncology. This event is organised by MATWIN (Maturation & Accelerating Translation With INdustry), a french open-innovation platform dedicated to oncology.

Organised around one-to-one pre-scheduled meetings and bringing together all the parties involved in oncology innovation, MEET2WIN offers a great opportunity to meet representatives of big pharma & diag companies, SMEs, startups, researchers, clinicians, TTOs, investors etc. to increase partnerships and foster innovation.

MEET2WIN is a 2 days partnering convention combining conferences, projects pitches, one-to-one pre-scheduled meetings, workshops as well as an exhibition area.

MATWIN International Board members will attend MEET2WIN. MEET2WIN attendees will have the opportunity to request meetings with the committee members: leading global industrial decision-makers in oncology R&D and key academic opinion leaders from major cancer research centers in Europe.

Exceptionnally this year, MEET2WIN will host the 1st French Tech OncoSTART Summit on May 13th: a satellite event dedicated to entrepreneurship in oncology.

Why being a MEET2WIN sponsor?

MEET2WIN and its satellite event French Tech OncoSTART Summit offer a unique event offering a european targeted exposure to all key innovation players in oncology.

As a partner, you will showcase your organization and increase your visibility to maximize collaboration opportunities.

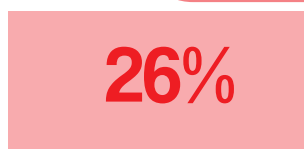

You will also have the opportunity to benefit from the participation of top-level experts from the MATWIN International Board and be associated with the MATWIN programme innovative image.
